Review and Discussion of School Facilities Planning Study:
Chair Mark Bettencourt showed a Power Point he created which summarized Sections 7: Consideration of Options and 8. Building Assessments of the Norwich Public School Facilities Strategic Planning Study presented by JCJ Architecture, LEARN and B&G on July 5, 2016. The Power Point is attached to these minutes. Discussion ensued on existing school buildings, options for these schools and potential restrictions. He began with Section 7. Much discussion ensued.

Alderwoman Gould requested clarification of the overall restrictions on the school buildings due to grants, loans and amortizations. Superintendent Abby Dolliver and Business Administrator Athena Nagel reported that NTA, Kelly and Case Street need to remain as schools due to amortization; the other school buildings can change use. The magnet programs should remain but they can be held in different buildings.

Mark suggested collecting current enrollment statistics per grade. Abby will email this information to committee members prior to the next meeting.

Discussion ensued on special programs.

Mark reviewed Section 8 of the study. He displayed the graphics of the layouts of the building on their lots and potential expansion of the schools from the 2016 Study.
Current state reimbursement rates were reviewed. Mark noted that the renovate-as-new reimbursement rate is 10% higher than the build-new rate; however, new construction is often less expensive. He suggested that committee members keep open minds.

Mark asked committee members to review Section 8 in detail and come to the next meeting ready to discuss.

Discussion of Past and Potential Future Plans:
Agenda item not specifically addressed.

Anything else to be brought before the committee:
Athena brought a Gantt chart to the committee. She handed out copies of this graphical timeline displaying the action items, in chronological order, to bring a Bond Ordinance to public vote and through state grant commitment in March 2021.

Discussion ensued about the city budgeting process. As the timeline indicated, certain architectural services would need to be built into the City’s FY20 budget.

Adjournment: On a motion by Yvette Jacaruso, seconded by Alderwoman Gould, the meeting adjourned at 8:00 PM.

The next meeting will be Wednesday, June 5, 2019, at 6 PM, at the Kelly STEAM Magnet Middle School Community Room.

Respectfully submitted,
