Subject: Proposed sale of city-owned property at 18 Falls Avenue

Dear Mayor Nystrom and President Pro-tem Nash:

The Norwich Harbor Management Commission (NHMC) has considered the proposed resolution by the City Council concerning sale of the city-owned property identified as 18 Falls Avenue, Norwich, CT (map 101/block 4/lot 63) located next to the Norwich Transportation Center. Insofar as the proposed sale and future re-use of this property may affect the real property on, in or contiguous to the Norwich Harbor Management Area, these actions are subject to review by the NHMC for consistency with the policies of the Norwich Harbor Management Plan.

The NHMC discussed this matter during its meeting on July 23, 2019 and after significant discussion approved a motion to provide a favorable recommendation for sale of the property with the understanding that the anticipated future use of the property will be in support of a water-dependent use of the Harbor Management Area.

Please be aware that it is a policy of the Harbor Management Plan to encourage and support the continued operation and enhancement, where feasible, of water-dependent land-uses on the Norwich waterfront. In addition, the Plan calls for pursuit of opportunities for economic growth and development associated with the Harbor Management Area and supports beneficial use and redevelopment of underutilized waterfront properties.

If you have any questions, please contact me at 860-912-1336 or via email at htuckerbraddock@gmail.com.

Sincerely,

H. Tucker Braddock Harbor
Management Chair

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NORWICH:

Section 1. The sum of \$5,000,000 is appropriated for the planning, acquisition and construction of the City of Norwich Infrastructure Improvement Program (2019) (the "Project"). The Project shall consist of the improvement or new construction of roads, bridges and bridge structures, sidewalks, piers and wharves, and appurtenant areas throughout the City of Norwich (the "City"). The specific improvements shall be determined from time to time by the Public Works Director and City Manager. Project improvements may consist of, but are not limited to, blasting, horizontal and vertical realignment, drainage installation, paving, curbing, milling, capping, landscaping and reclamation and for improvements to structures or utilities, incidental, appurtenant or encountered in the course of such improvements and for engineering, design, traffic control, administrative, consulting, advertising, printing, legal and financing costs related thereto. Said appropriation shall be in addition to grant funding and all prior and future appropriations for said purpose.

Section 2. The total estimated cost of the Project is \$5,000,000. No portion of the Project cost is expected to be paid from other sources other than the proposed bond issue. The estimated useful life of the Project is twenty (20) years. The Project is a general benefit to the City and its general governmental purposes.

Section 3. To meet said appropriation \$5,000,000 bonds of the City, or so much thereof as may be necessary for said purpose, may be issued, maturing not later than the twentieth (20th) year after their date, or such later date as may be allowed by law. Said bonds

may be issued in one or more series as shall be determined by the City Manager and the Comptroller, and the amount of bonds of each series to be issued shall be fixed by the City Manager and the Comptroller, provided that the total amount of bonds to be issued shall not be less than an amount which will provide funds sufficient with other funds available for such purpose to pay the principal of and the interest on all temporary borrowings in anticipation of the receipt of the proceeds of said bonds outstanding at the time of the issuance thereof and to pay for the administrative, printing and legal costs of issuing the bonds. The bonds shall be in the denomination of \$1,000 or a whole multiple thereof, be issued in bearer form or in fully registered form, be executed in the name and on behalf of the City by the manual or facsimile signatures of the City Manager and the Comptroller, bear the City seal or a facsimile thereof, be certified by a bank or trust company designated by the City Manager and the Comptroller, which bank or trust company may be designated the registrar and transfer agent, be payable at a bank or trust company designated by the City Manager and the Comptroller, and be approved as to their legality by Pullman & Comley, LLC, Bond Counsel. They shall bear such rate or rates of interest as shall be determined by the City Manager and the Comptroller. The bonds shall be general obligations of the City and each of the bonds shall recite that every requirement of law relating to its issue has been duly complied with, that such bond is within every debt and other limit prescribed by law, that the full faith and credit of the City are pledged to the payment of the principal thereof and the interest thereon and shall be paid from property taxation to the extent not paid from other funds available for the payment thereof. The aggregate principal amount of the bonds, annual installments of principal, redemption provisions, if any, the date, time of issue and sale and other terms, details and particulars of such bonds, shall be determined by the City Manager and the Comptroller in accordance with the requirements of the General Statutes of Connecticut, as amended (the "Statutes"). In connection with the issuance of any bonds or notes authorized herein, the City may exercise any power delegated to municipalities pursuant to Section 7-370b of the Statutes, including the authority to enter into agreements managing interest rate risk. The City Manager and Comptroller, on behalf of the City, shall execute and deliver such reimbursement agreements, letter of credit agreement, credit facilities, remarketing, standby marketing agreements, standby bond purchase agreements, and any other commercially necessary or appropriate agreements which are necessary, appropriate or desirable in connection with or incidental to the sale and issuance of such bonds or notes.

Section 4. The issue of the bonds aforesaid and of all other bonds or notes of the City heretofore authorized but not yet issued, as of the effective date of this ordinance, would not cause the indebtedness of the City to exceed any debt limit calculated in accordance with law.

Section 5. Said bonds shall be sold by the City Manager and Comptroller in a competitive offering or by negotiation, in their discretion. If sold at competitive offering, the bonds shall be sold upon sealed proposals, auction or similar process, at not less than par and accrued interest on the basis of the lowest net or true interest cost to the City.

The net interest cost on such notes, including renewals thereof, and the expense of preparing, issuing and marketing them, to the extent paid from the proceeds of such renewals or said bonds, shall be included as a cost of the Project. Upon the sale of said bonds the proceeds thereof, to the extent required, shall be applied forthwith to the payment of the principal of and the interest on any such temporary borrowings then outstanding or shall be deposited with a bank or trust company in trust for such purpose.

Section 7. Resolution of Official Intent to Reimburse Expenditures with Borrowings. The City (the "Issuer") hereby expresses its official intent pursuant to §1.150-2 of the Federal Income Tax Regulations, Title 26 (the "Regulations"), to reimburse expenditures paid sixty days prior to and after the date of passage of this ordinance in the maximum amount and for the capital project defined in Section 1 with the proceeds of bonds, notes, or other obligations ("Bonds") authorized to be issued by the Issuer. The Bonds shall be issued to reimburse such expenditures not later than 18 months after the later of the date of the expenditure or the substantial completion of the project, or such later date that the Regulations may authorize. The Issuer hereby certifies that the intention to reimburse as expressed herein is based upon its reasonable expectations as of this date. The Comptroller or his designee is authorized to pay project expenses in accordance herewith pending the issuance of reimbursement bonds, and to amend this declaration.

Section 8. The City Manager and Comptroller are hereby authorized to exercise all powers conferred by Section 3-20e of the General Statutes with respect to secondary market disclosure and to provide annual information and notices of material events as enumerated in Securities and Exchange Commission Exchange Act Rule 15c2-12, as amended, as may be necessary, appropriate or desirable to effect the sale of the bonds and notes authorized by this ordinance.

Section 9. In order to meet the capital cash flow expenditure needs of the City, the City Manager and Comptroller are authorized to allocate and reallocate expenditures incurred for the Project to any bonds or notes of the City outstanding as of the date of such allocation, and the bonds or notes to which such expenditures have been allocated shall be deemed to have been issued for such purpose.

Section 10. It is hereby found and determined that the issue of all, or a portion of, the bonds, notes or other obligations of the City authorized to be issued herein as qualified private activity bonds, or with interest that is includable in gross income of the holders thereof for purposes of federal income taxation, is in the public interest. The City Manager and the Comptroller are hereby authorized to issue and utilize without further approval any financing alternative currently or hereafter available to municipal governments pursuant to law.

Section 11. The City Manager and Comptroller are hereby authorized to prepare and distribute preliminary and final Official Statements of the City, to execute and deliver on

behalf of the City all such other documents, and to take all action, necessary and proper for the sale, issuance and delivery of any bonds or notes relating to the Project in accordance with the provisions of the Statutes and the laws of the United States.

City Manager Salomone report:

To: Mayor Nystrom and members of the City Council
From: John Salomone, City Manager
Subject: City Manager’s Report
Date: August 5, 2019

I attended the Mayor’s Economic Meeting, the monthly Southeastern CT Council of Governments (SCCOG) and South Eastern Area Transit (SEAT) meetings. Staff and I met with consultants for the CT Department of Transportation who are working with SCCOG for a Regional Strategic Safety Plan. Each municipality will have a section within the report which will focus on Crash Data and Statistics from the UCONN Crash Repository, highlighting intersections and corridors in the city where there are safety concerns. This report will help to prioritize projects and seek funding. There will be about 50 locations selected in the final plan, with recommendations for improvements to serve as a companion to the SCCOG Metropolitan Transportation Plan. Norwich was the first meeting in the region and the report will take approximately a year to produce.

Swearing-in Ceremonies were held for Lieutenant Christopher Callaway, Sergeant Ryan Kelsey, and Sergeant Kyle Besse. Congratulations to all of them and continued success with the Norwich Police Force. I also received notice from the U.S. Department of Justice for Norwich Police assistance in the indictment of a Norwich man on firearm and drug offenses.

Congratulations to Comptroller, Josh Pothier and staff. The City of Norwich has been awarded the Certificate of Achievement for Excellence in Financial Reporting by Government Finance Officers Association of the United States and Canada for its comprehensive annual financial report (CAFR).

Property Revaluation Information Sessions will be held on Thursday, August 8th at 7:30 am - 9:00 am and at 6:00 pm -7:30 pm in Room 335 at City Hall. The sessions are free and open to the public and I invite you to attend

and learn how the Revaluation process works. City Assessor, Donna Ralston and Assessment Analyst William Lee will explain and clarify the revaluation process.

Thank you to the Norwich Summer Jam Youth Group that removed trash from the Norwich Heritage Walkway as part of their community give back program. The event was organized by Bully Busters and Norwich Youth and Family Services.

The City's Lock Box tax payments for the month of July were 4,334 payments totaling \$7,144,779.34. Payments at Norwich People's Bank branches during July increased 67.6% from 2018 with 1,517 payments totaling \$1,777,320.13 of tax revenue.

My assistant, Jacquie Barbarossa created an [Event Planning Guide](#) with the steps that need to be taken to assist individuals when planning an event in the City. The one page guide is now on the City Manager and Public Works pages on the City's website. Attached is a copy for your review.
