**III. New Business**

**A. Market update with UBS.**

Marc Shegoski provided the market update: The current market is being driven by fear, uncertainty and the unknown. The three things impacting it are short-term financing, OPEC and the coronavirus. Economically, the effects are expected to last two-three months. As of mid-day today, the Pension Fund was down 10.1%, the OPEB Fund was down 10.18% while the S&P was down 17%. UBS believes adjustments should be made to the portfolio to move towards the known.

Motion to authorize the sale of \$10,000,000 of the S&P 500 index and purchase short-term bonds tomorrow. Made by Shiela Hayes, seconded by Nate Kannas, all in favor.
